## 2. HAZARDS IDENTIFICATION

As defined in the OSHA Hazard Communication Standard, 29 CFR 1910.1200, the products listed below are considered articles and do not require an SDS. In addition, articles are not included in the scope of the Globally Harmonization System (GHS). As such, the GHS labeling elements are not included on this SDS. All components listed for this product are bound within the product. When handled as intended and under normal conditions of use, there is no evidence that any of the ingredients are released in amounts that pose a significant health risk. Although these products are not subject to the OSHA Standard or GHS labeling elements, MFM Building Products Corp would like to disclose as much health and safety information as possible to ensure that this product is handled and used properly. This SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and be made available for employees and other users of this product. In addition, the recommendations for handling and use of these products should be included in worker training programs.

## Classification

## Hazards Not Otherwise Classified (HNOC)

Skin sensitive by some individuals.

## Signal Word

## Warning

## Hazard Statements

Harmful if ingested
Under extreme and non-normal circumstances such as extensive cutting, grinding and pulverizing, there is some potential exposure to respirable crystalline silica (quartz). Prolonged and frequent exposure to such conditions could in some instances cause silicosis, a fibrosis of the lungs.

## Precautionary Statements - Prevention

Do not handle until all safety precautions have been read and understood
Use personal protective equipment as required
Wash face, hands and any exposed skin thoroughly after handling
Do not eat, drink or smoke when using this product

## Precautionary Statements - Response

If expose concerns exist,
get medical advice/attention
If ingested, call a POISON CENTER or doctor/medical professional

## Precautionary Statements - Storage

No special precautions are warranted.

Precautionary Statements - Disposal
See Section 13.

## 7. HANDLING AND STORAGE

## Precautions for safe handling

## Advice on Safe Handling

Handle in accordance with good industrial hygiene and safety practice. Avoid prolonged contact with skin, eyes or clothing. Use personal protective equipment as required. . Do not handle until all safety precautions have been read and understood. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product.

## Conditions for safe storage, including any incompatibilities

| Storage Conditions | Keep container tightly closed and store in a cool, dry and well-ventilated place. Store In a <br> secure location. |

| Incompatible Materials | None known based on information supplied. |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## Exposure Guidelines

Exposures at these levels are not expected to occur under normal use. These exposure guidelines are provided as a general method for safe workplace monitoring.

Other Information
*Because of product form, exposure to dust or fumes is not expected to occur in normal use.

## Appropriate engineering controls

Engineering Controls Apply technical measures to comply with the occupational exposure limits. Eyewash stations. Safety Showers.

## Individual protection measures, such as personal protective equipment

Eye/Face Protection Use approved eye protection to avoid eye contact. Refer to 29 CFR 1910.133 for eye and face protection regulations.
